

6th Form Independent Study Guide

Subject – **English Literature and Language**

The following are additional activities that you should be working on beyond the classroom:

- Ensure that any paperwork is up to date and ordered correctly
- Any missed work must be completed to an appropriate standard
- Revision of subject specific terminology
- Revise any theories (we've considered a number of these, especially those linked to spoken language)
- Re-read your set texts
- Read widely, including other texts by the authors you are studying
- Create your own exam questions
- Create revision materials for your set texts

- Look out for relevant articles that support your texts – The Guardian and the British Library are useful sites.
